Dear Dr. Monderson and Commissioner Palmieri,

We are writing to express our support for the Crown Racks Project and have helped them to reach out to the residents and businesses in the Crow Hill neighborhood. We are very interested in increasing the opportunities for safe and convenient biking in our community and as you know, we recently submitted a petition to continue the Franklin Avenue bike lane from where it ends on Dean Street up to Eastern parkway. More bike parking is a natural for Crow Hill and it will go hand-in-hand with other upcoming improvements, such as Bike Share and hopefully the extension of the bike lane. Supporting pedestrians and bicyclists in our neighborhood makes both our residents and our local economy healthier.

Thank you for your support,

Evangeline Porter  
President
